16	33	1-step story problem, add or subtract money
17	100	Expanded notation
18	88	2-step story problem, add, subtract , multiply,divide
19	68	3-step story problem, add, subtract , multiply,divide
20	68	3-step story problem, add, subtract , multiply,divide

Create a Problem 19

The material on the back of tests reinforces concepts that are not easily demonstrated on the Lesson section of the page.

This story is about a girl and her books. We ask students to complete the story and write some problems from the material that they wrote.
